(513) 299-0990

April 22, 1980

Gentlemen:

Please check your #313 card set used for testing HEAD-ON by Gremlin. Some of the units were inadvertently shipped with wiring errors on the #313 "C" card.

Enclosed you will find a diagram for the proper wiring sequence.

Thank you for your co-operation in this matter and my apologies for any inconvenience this may have caused you.

Sincerely,

KURZ-KASCH, INC.
