ARE WELCOME AT ANY TIME

ISSUED BY WURLITZER SERVICE DEPT., NORTH TONAWANDA, N. Y.

June 5, 1947

Effective immediately, fader adapter kits will no longer be available. Instead, the individual items which make up the kits will be available as separate components, and distributors will order these to make up their own kits according to the requirements of their customers.

A list of these kits follows with the part numbers, now no longer used, as they are listed on page 32 of the Remote Control and Auxiliary Equipment Catalog, Part #292-S. Under each kit number are listed the components which should be included in kits as supplied to operators.

Speaker Kit Breakdown

- 38268 - Single Speaker Kit
